

Gun Style IR Thermometer with Laser

SIG1

The SIG1 takes accurate surface temperatures. The narrow 10:1 field of view allows techs to target smaller areas.

- 10:1 field of view
- Select °F or °C
- Range: -22°F to 1022°F

All Fieldpiece thermocouples work with Fieldpiece meters that take temperature.

ATC1

ATC2

ATC1R

Infrared Surface Temperature with Laser

ATIR3

Walk from freezer to roof without losing accuracy.

- Measure temperature without contact
- 8:1 field of view
- Select °F or °C

IR Thermometer with Laser

SIR2

Ergonomic pocket IR with laser.

- 6:1 field of view
- MIN/MAX automatic data hold
- Select °F or °C

ATF1

ATA1

ATS1

ATAF1

Shirt Pocket IR Thermometer

SIP3

Great for quick air register temps.

- 1:1 field of view
- 1° resolution in °F and °C
- Auto-power-off

ATB1

ATWB1

ATR1

IR Pocket Thermometer with LED Flashlight

SIL2

Great accuracy and a built-in LED flashlight.

- 1:1 field of view
- Select °F or °C
- Automatic data hold

Model	Description	MAX° F PROBE TEMP
ATBI	Bead type standard	400
ATAI	Bead type with alligator	400
ATAFI	HI-temp bead type with alligator	900
ATWBI	Wet bulb (sock) with alligator	200
ATCIR	Pipe clamp-refrig. (1/8-to 3/4")	257
ATC1	Pipe clamp (3/8-to 1 3/8")	257
ATC2	Pipe clamp (up to 2 1/4")	180
ATEXT10	10' extension cables	400
ATFI	Stainless steel, 6" rod for fluids	1500
ATRI	4.5- piercing rod with handle	1500
ATSI	Disk shaped for grilles	1500
