

PRO Metal Nut Toilet Connectors

Now you can connect your PRO fill valves the professional way with PRO Series Metal Nut Toilet Connectors. With a durable stainless steel nut that won't corrode or crack, these connectors are built to last. And they are only available through plumbing wholesale.

PRO Metal Nut Toilet Connectors

Durable metal nut won't crack when tightening.

Metal nut won't strip when used on brass-shank fill valve like PRO45B.

Stainless steel braiding protects against burst failures

A More Durable Connection

1. Metal nut toilet connector provides durable, professional installation.

2. Use with PRO45B brass shank fill valve for maximum durability.

Only available to PRO's
